

DESIGN YOUR OWN POSTCARD

Things to think about:

- How many pictures do you want to use? Some postcards had one, some had several of different views.
- Are you going to recreate a view, or draw a funny image?
- Are you going to put any writing on the front?
- What will your message on the back be about? Who would you send it to?

Don't forget:

- Design your own stamp for the back
- Add your name in the space at the bottom so everyone knows you're the designer!

Why not take a look at the postcard slideshow on Littlehampton Museum's website to get some ideas!
